Dear Sir:

In answer to your letter of the 28th, requirement for membership in this Society is an interest in numismatics, and as you desire to become a member I am glad to enclose an application card. Our Council does not meet till October, at which time your name would be proposed, and we would then notify you as to their action. The annual dues are five dollars for Associate Membership, in return for which members receive the publications of the year; these are in the form of a series of which I am enclosing a list.

Due to an addition to our building the Museum is not yet open to the public. We expect that it will be in the fall. In the meantime we should be glad to show you our U. S. coins or any others that are in our collection, if you come to our Museum any day from nine to five including Saturday afternoon. Perhaps it would be well for you to telephone in advance.

Very truly yours,

Curator.
